

About Us

WEEKLY SCHEDULE 2016

The pool is partially above-ground at a consistent depth of 4 feet. The water is heated and kept at optimal temperatures according to the weather. The pool area is completely enclosed and private.

Our 2016 summer season runs from June 19th through August 31st.

****IMPORTANT** No one is permitted in the pool without a POOL PLACE WAIVER signed and filled out properly. Children must have waivers signed only by PARENTS. E-mail thepoolplacetogo@gmail.com for a waiver and you can fax it back. If a waiver was signed during the 2015 season, it can be looked up upon request.**

Weather Policy:

The pool is open in all weather (except thunder & lightning), since we adjust the heater according to the temperature. Lifeguards may not be on duty when the temperature is below 72 degrees, so please CALL TO CONFIRM the availability of the lifeguard.

Swimming vests that help with buoyancy are available in different sizes. (Note: They are not life vests.) There are also plenty of noodles.

Pool Rules:

- Children 3 and under must use a swimming diaper.
- There is a possibility that the pool may need to be closed for emergency maintenance.
- A guest or member may forfeit their visit or membership for not complying with rules, or for failing to follow lifeguard's instructions.
- No sharp objects allowed in the pool

*If the pool becomes too crowded during these lifeguarded sessions, we will make 2 separate sessions, each for an hour and a quarter. A member may only swim for one of those sessions. Girls will be from 12-1:15 OR 1:15-2:30, and boys will be from 2:45-4:00 OR 4:00-5:15.

Night swim (anytime after dark) is a **QUIET swim. Neighbors are particular about the noise level.
